## Adding or removing administrator

Ester Andersson - 2024-02-16 - [Roles](#)

**Administrators are users who have access to setting up projects, inviting/removing participants, building courses and managing communications, etc. Administrators have full access to all project data and details within the client portal in Learnifier.**

### Adding administrators

**Alternative 1** (if the administrator is not already a user):

1. Go to "Dashboard" in the main menu.
2. Go to "Invite an administrator" and click "Invite administrator".
3. Enter the user's information and click "Save user details".
4. Click "Send email".

**Alternative 2** (if the administrator is already a user):

1. Go to the user profile.
2. Under "Roles", click "Add role".
3. Choose "Administrator" and click "Assign".

The screenshot shows the Learnifier user profile for 'Demo Ester'. The page has a navigation bar at the top with links to Dashboard, Projects, Users, Library, Reports, Automations, and Settings. The user profile section includes a profile picture, name, and buttons for 'Edit User', 'Resend invitation', 'Set Password', and 'Delete'. Below this is a table of user details. A green arrow points to the 'Add Role' button in the 'ROLES' tab.
