Introducing a Swedish administrator interface

2024-03-26 - Ester Andersson - Product Highlight

We are delighted to let you know that we have released Learnifier's administrator interface in Swedish!

We hope that this new feature will make it even easier for Swedish-speaking administrators to navigate and manage their Learnifier accounts effectively. By providing the interface in Swedish, we aim to enhance the user experience and remove any language barriers that may have previously existed.

We welcome any feedback or suggestions you may have regarding the Swedish interface. Our team is dedicated to listening to our users and incorporating their input into future updates.

Are you interested in trying out the Swedish administrator interface?

1. Click on your profile picture in the top right corner and choose settings.
2. Under "Language for administrator pages", choose Swedish.
3. Please note that the course editor is not yet translated.
