

Adding your first project

Ester Andersson - 2024-07-03 - Getting started

1. On the home page, click on "Add project" at the top of the page.

1. Select your course design. Create a project from scratch by choosing "New Course" or use one of the templates if you wish to get a head start.

1. Name your project.
2. Set the time zone.
3. Choose your language.

×  New Course < Back Save >

1 Design ✓
2 General Settings ✓

2. General Settings

Configure the general settings of this project. Locations that observe Daylight Saving Time (DST) will automatically adjust time during DST.

Project title (visible only to admins)

Course title (visible only to learners)

Timezone

Country

Language

1. Click on "Save".
2. All done!

Note: there are course other ways you can create projects, such as via a [template](#) or by making a [copy](#) of another project.
