

## Adding your first project

Ester Andersson - 2024-07-03 - Getting started

1. On the home page, click on "Add project" at the top of the page.

1. Select your course design. Create a project from scratch by choosing "New Course" or use one of the templates if you wish to get a head start.

1. Name your project.

2. Set the time zone.

3. Choose your language.

×  **New Course** < Back Save >

1 Design ✓  
2 General Settings ✓

## 2. General Settings

Configure the general settings of this project. Locations that observe Daylight Saving Time (DST) will automatically adjust time during DST.

**Project title** (visible only to admins)

**Course title** (visible only to learners)

**Timezone**

**Country**

**Language**

1. Click on "Save".
2. All done!

Note: there are course other ways you can create projects, such as via a [template](#) or by making a [copy](#) of another project.
