Copying a project to another sub portal

Ester Andersson - 2024-07-29 - Tips & Tricks

1. Go to the client you wish to copy a project from
2. Go to the project you wish to copy
3. Click on the triangle on the right-hand side of the "Copy" button and click "Copy to another client"
4. If the course has content that is from the local client library you will be asked to confirm that those will be copied to the other client as well.
5. Select which client you wish to copy the template to
6. All done!

The screenshot shows the Learnifier interface for a project titled "Customer Success Playbook". The page is divided into several sections:

- Header:** Includes the Learnifier logo, navigation tabs (Dashboard, Projects, Users, Library, Reports, Automations, Settings), and a "Go To" search bar.
- Project Details:** Shows the project title (ADMIN) and course title (LEARNER) as "Customer Success Playbook". It also displays creation and update dates.
- Buttons:** Includes "Edit course", "Preview", "Delete", and a "Copy" button with a dropdown menu.
- Dropdown Menu:** The "Copy" button has a dropdown menu with two options: "Create template" and "Copy to another client". A green arrow points to the "Copy to another client" option.
- Participants:** A section titled "1 participants" showing a progress bar with three segments: "Not Started", "In Progress", and "Completed".
- Awards:** A section titled "Awards" with an "Attach" button and a table showing the course's expiration date and type.
- Next Course:** A section titled "Next Course" with an "Add Next Course" button.
