

## Automatisk inbjudan vid genomförd kurs

Ester Andersson - 2024-10-27 - Funktioner

“Auto-enrollment upon course completion” är en funktion som låter systemet automatiskt registrera en deltagare i en ny kurs när en annan kurs är Completed.

1. Gå till den kurs som du vill att dina deltagare genomföra för att sedan bjudas in till en annan kurs.
2. Under "Next course", klicka på "Add next course". Välj den kurs som dina deltagare ska bjudas in till.
3. Skapa en "[Automated communication](#)" i nästa kurs för att låta systemet automatiskt skicka ett välkomst-e-postmeddelande till alla registrerade deltagare (inte obligatoriskt).
4. Nu har dina deltagare tillgång till kursen!

The screenshot displays the Learnifier interface for a course titled "Introduction to Learnifier". The top navigation bar includes "Dashboard", "Projects", "Users", "Library", "Reports", "Automations", and "Settings". The course page shows the course name, creation and update dates, and buttons for "Edit course", "Preview", "Delete", and "Copy".

The "9 participants" section features a progress chart with 9 total participants. The status is "Ongoing". The chart shows the following breakdown:

Status	Count
Not Started	5
In Progress	3
Completed	1

Additional status indicators include: On Track (9), Overdue (0), Not Invited (0), Bounce Backs (0), and Project Errors (0).

The "Next Course" section is highlighted with a green arrow and contains the text: "Automatically enroll Learners that have completed this Course to the following Next Course:" and an "Add Next Course" button.

Other sections include "Awards" (Attach), "Project Team" (Add Team Member), and "Announcements".
