

## Emailmallar

Ester Andersson - 2024-06-18 - Biblioteket

**Om du vill anpassa din portal rekommenderar vi att du skapar egna eller anpassar redan befintliga e-postmallar.**

Note

- [Lägga till en ny mall](#)
- [Redigera en email template](#)

### Lägga till en ny template

1. Gå till Library och klicka på "Email templates"

2. Klicka på "Add email template" eller skapa en kopia av en generisk e-postmall genom att klicka på den du vill kopiera och därefter klicka på "Copy" (på så sätt behöver du inte bygga upp en e-poststruktur från grunden)

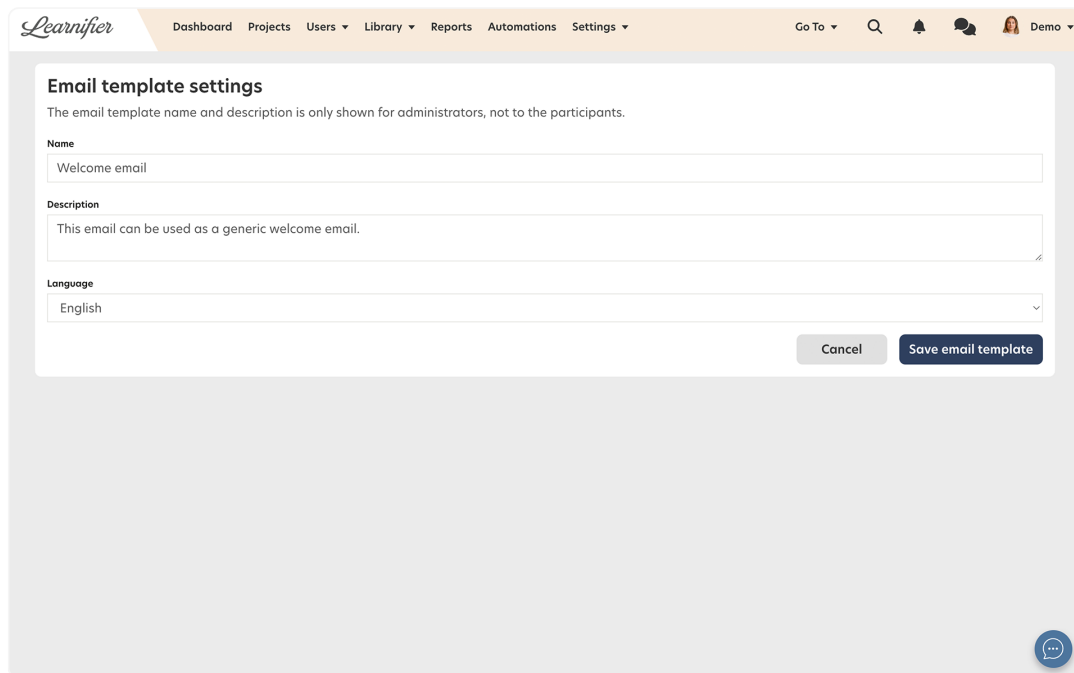

The screenshot displays the 'Email Templates' management interface in the Learnifier system. At the top, there is a navigation bar with the Learnifier logo and various menu items like Dashboard, Projects, Users, Library, Reports, Automations, and Settings. On the right side of the navigation bar, there are icons for search, notifications, chat, and a user profile labeled 'Demo'. Below the navigation bar, the main content area is titled 'Email Templates'. In the top right corner of this area, there is a dark blue button labeled 'Add Email Template', which is highlighted by a green arrow. Below the button is a search input field with the placeholder text 'Search email templates'. Underneath the search field is a table with the following structure:

NAME	ORIGIN	LANGUAGE
Learner – Course Invitation Template	Generic	English
Learner – Course Invitation Template	Generic	Swedish
Learner – Course Invitation Template (Re-branded)	Customized	English

At the bottom left of the table area, it says 'Showing 1 to 3 of 3 entries'. In the bottom right corner of the interface, there is a blue circular chat icon.

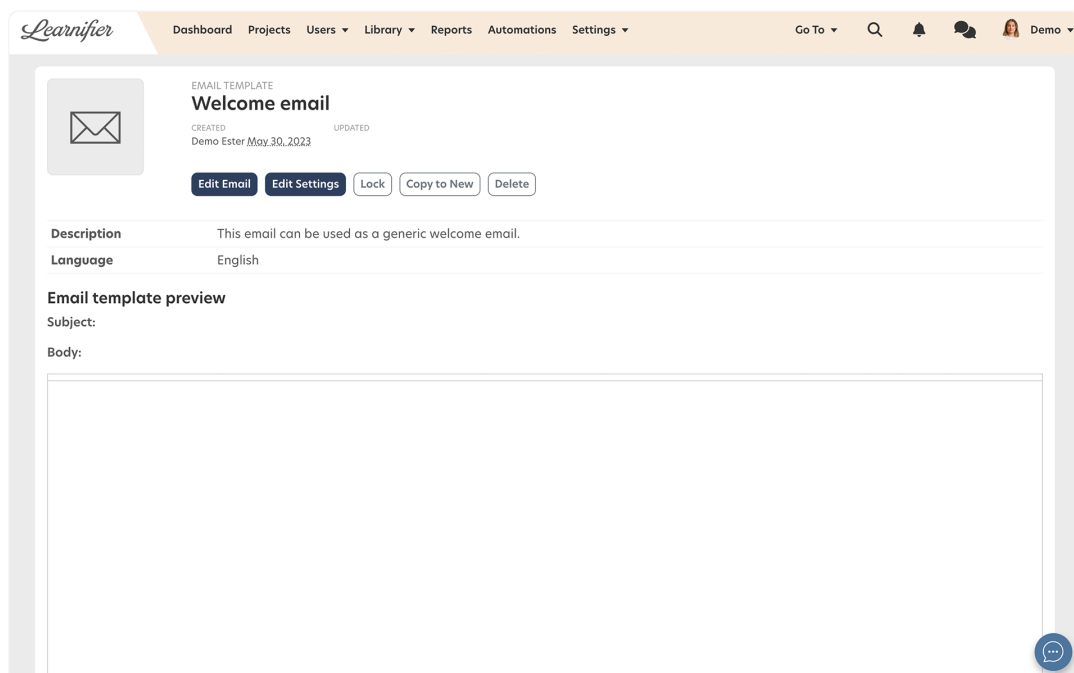

3. Ange ett namn, beskrivning och språk (endast synligt för administratörer) i fälten.

4. Klicka på "Save email template" för att spara dina ändringar.

The screenshot shows the 'Email template settings' page in the Learnifier application. The page has a header with the Learnifier logo and navigation links: Dashboard, Projects, Users, Library, Reports, Automations, and Settings. On the right side of the header, there are icons for 'Go To', search, notifications, chat, and a user profile labeled 'Demo'. The main content area is titled 'Email template settings' and includes a note: 'The email template name and description is only shown for administrators, not to the participants.' Below this note are three input fields: 'Name' with the value 'Welcome email', 'Description' with the value 'This email can be used as a generic welcome email.', and 'Language' with a dropdown menu set to 'English'. At the bottom right of the form, there are two buttons: 'Cancel' and 'Save email template'. A small chat icon is visible in the bottom right corner of the page.

5. När du har sparat dina ändringar öppnas ett nytt fönster. Klicka på "Edit email" för att börja göra ändringar.

The screenshot shows the 'Welcome email' email template details page in the Learnifier application. The page has the same header as the previous screenshot. The main content area is titled 'EMAIL TEMPLATE' and 'Welcome email'. It includes a small envelope icon, the text 'CREATED Demo Ester May 30, 2023', and 'UPDATED'. Below this, there are five buttons: 'Edit Email', 'Edit Settings', 'Lock', 'Copy to New', and 'Delete'. The 'Description' field contains the text 'This email can be used as a generic welcome email.' and the 'Language' field is set to 'English'. Below the description, there is a section titled 'Email template preview' with labels for 'Subject:' and 'Body:'. The 'Body:' field is currently empty. A small chat icon is visible in the bottom right corner of the page.

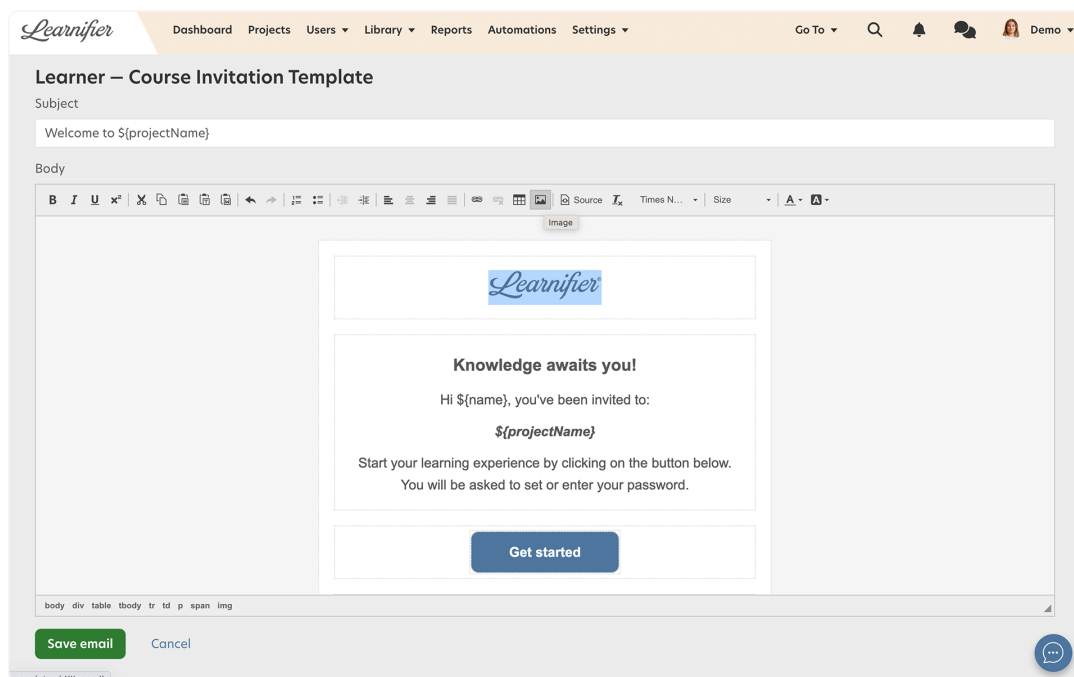

## 6. Skapa din email template och spara dina ändringar!

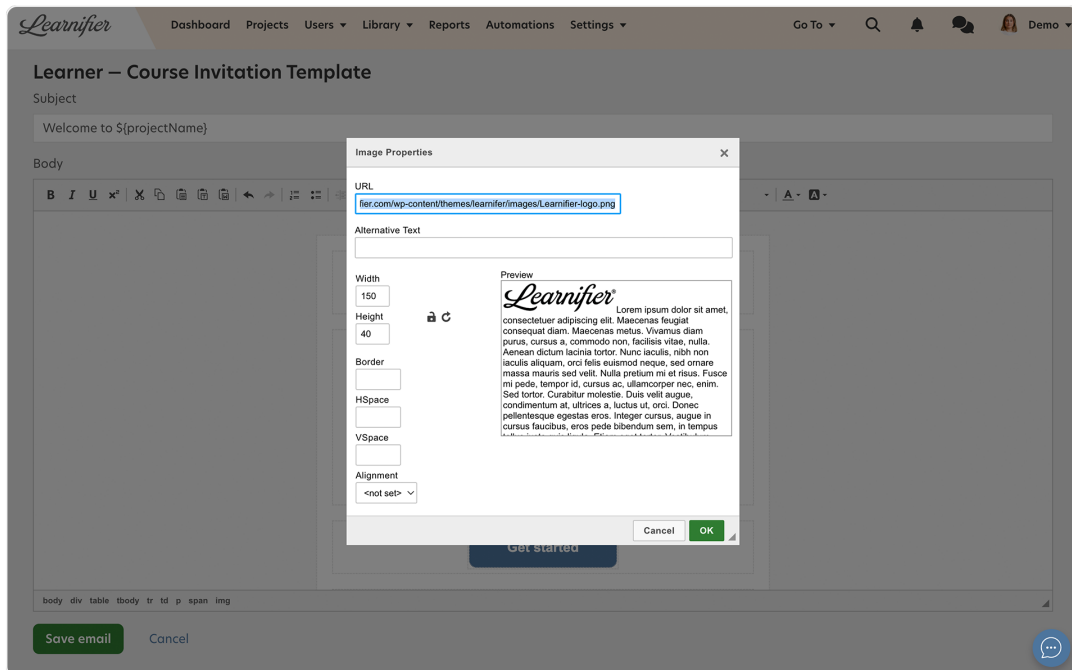

## Redigera en email template

### Lägga till en bild

1. Välj bilden och klicka på bildikonen i menyn.

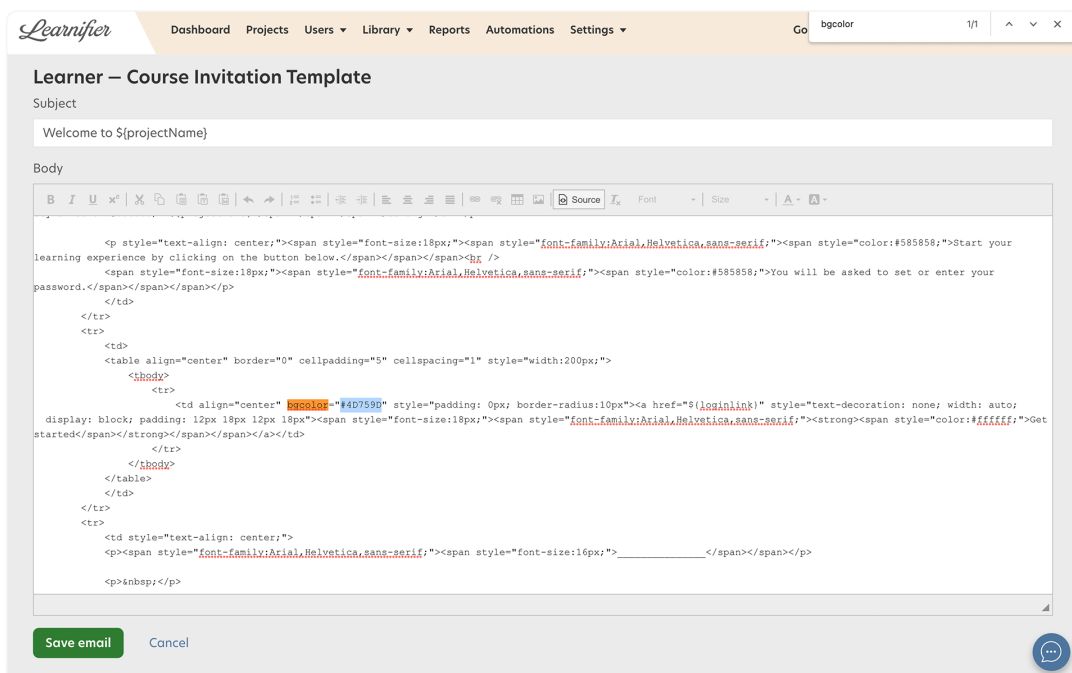

2. Lägg till URL:en till den nya bilden och justera storleken så att den passar din e-post.

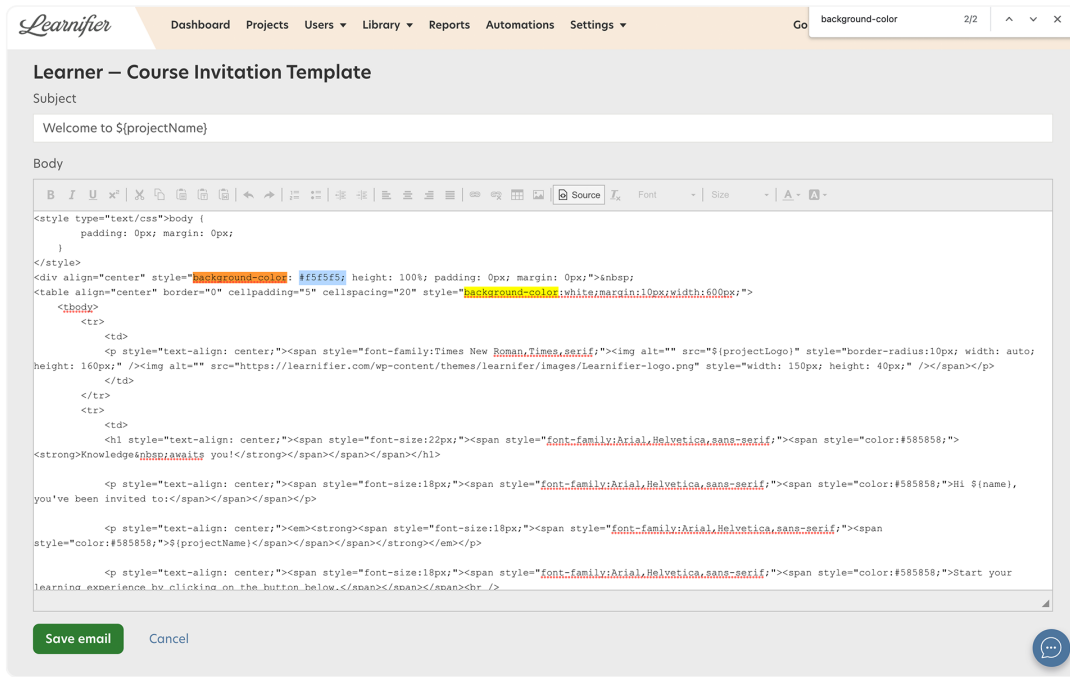

## Ändra färgen på knappen "Get started"

För att ändra färgen på knappen "Get started", gå in i template-byggaren och klicka på "Source". Sök efter "bgcolor" och lägg till HEX-färgen du valt.

## Ändra bakgrundsfärgen

För att ändra bakgrundsfärgen på email templatén, sök efter "background-color" (den första) och ändra den till HEX-färgen du valt.
