## **Learnifier Status Page - Stay Updated on System Health**

A Latimore - 2025-10-03 - Trouble shooting

At Learnifier, we want you to always feel confident that the platform is running smoothly. That's why we provide a <u>Status Page</u> where you can check the health of our service at any time.

## What You'll Find There

The status page gives you real-time information about how Learnifier is performing, including:

- Current system status See instantly if everything is operational.
- Recent updates Learn about any incidents or service disruptions.
- **Uptime history** Check performance over the past days and months.
- Maintenance notices Stay informed about planned maintenance windows.

## When to Use It

We recommend visiting the status page if:

- You notice Learnifier seems **slow or unavailable**.
- $\bullet\,$  You want to  $confirm\ if\ there's\ a\ known\ issue\ {\it affecting\ your\ account.}$
- You'd like to check whether there's **scheduled maintenance** coming up.
- You're simply curious about service reliability over time.
