

Re-enrollment

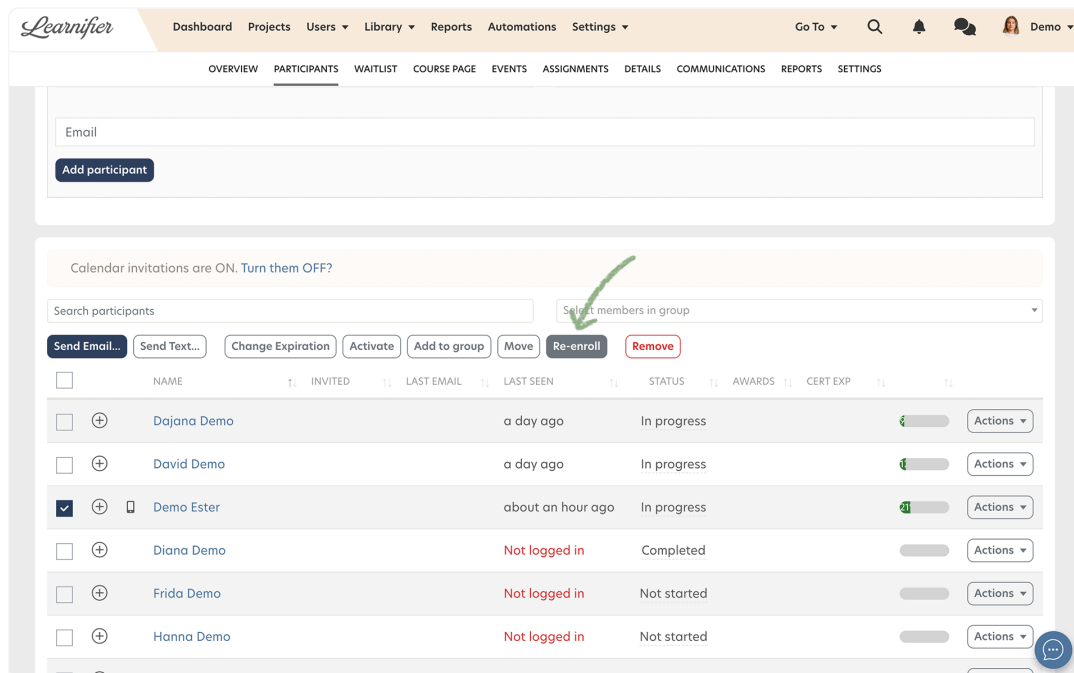

Ester Andersson - 2024-07-11 - Functions

Re-enrollment is a function that lets you reset a participant's progress so they can start over. Please carefully consider that when you re-enroll a participant in a course, everything they have uploaded will be deleted and their status will change to "Not started". When confirming, their attempt will be moved to their attempt history which will show when you press the plus sign and after that "History".

Re-enrollment in the "Participant" list:

1. Go to the participant tab in a project.
2. Select the participant/participants you wish to enroll and click on the button "Re-enroll".

The screenshot shows the Learnifier dashboard with the 'PARTICIPANTS' tab selected. A search bar and an 'Add participant' button are at the top. Below, a notification states 'Calendar invitations are ON. Turn them OFF?'. A search bar for participants is followed by a dropdown menu for 'Select members in group'. A row of action buttons includes 'Send Email...', 'Send Text...', 'Change Expiration', 'Activate', 'Add to group', 'Move', 'Re-enroll', and 'Remove'. The 'Re-enroll' button is highlighted with a green checkmark. Below the buttons is a table of participants with columns for NAME, INVITED, LAST EMAIL, LAST SEEN, STATUS, AWARDS, and CERT EXP. The table lists several participants, including 'Dajana Demo', 'David Demo', 'Demo Ester' (selected), 'Diana Demo', 'Frida Demo', and 'Hanna Demo'. Each row has an 'Actions' button.
