Why do I get an error message when adding my roster?

David Berg - 2024-02-19 - Trouble shooting

In this article you will learn to what to do when you receive an error message that looks like this when adding a roster to your participant list:

The problem, in this case, is the writing of the number from what we can see from the screenshot above. Follow these steps:

1. Enter the roster file
2. Add the symbol ' in front of the phone number
