2024-03-26 - Ester Andersson - Product Highlight

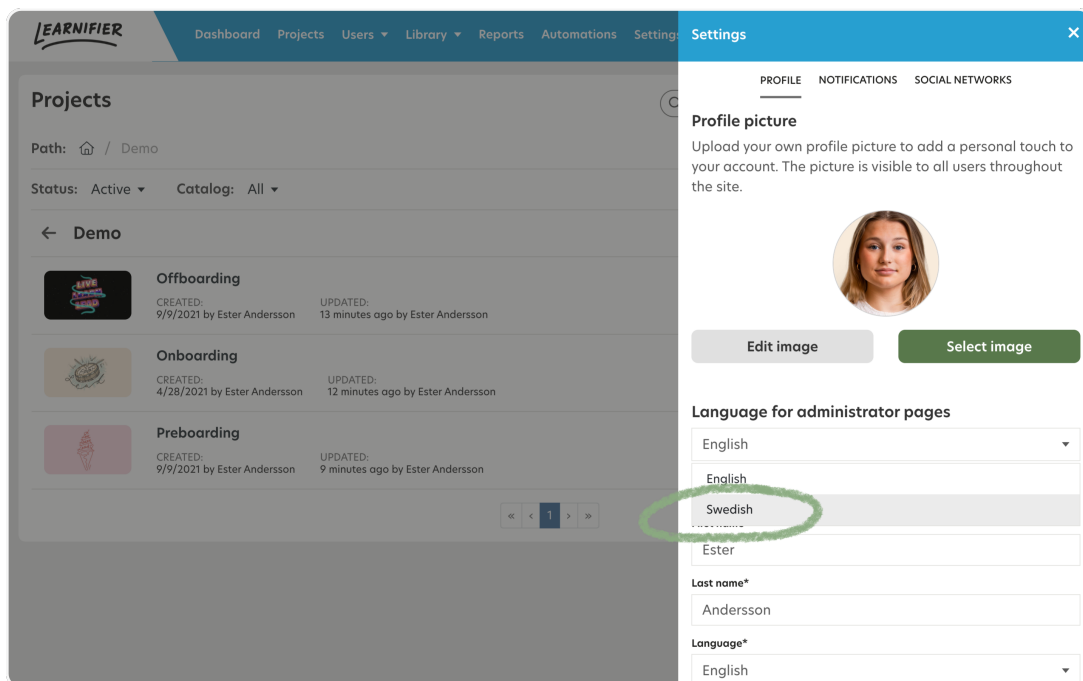

We are delighted to let you know that we have released Learnifier's administrator interface in Swedish!

We hope that this new feature will make it even easier for Swedish-speaking administrators to navigate and manage their Learnifier accounts effectively. By providing the interface in Swedish, we aim to enhance the user experience and remove any language barriers that may have previously existed.

We welcome any feedback or suggestions you may have regarding the Swedish interface. Our team is dedicated to listening to our users and incorporating their input into future updates.

Sneak peek of what the Swedish administrator interface looks like:

The screenshot displays the EARNIFIER Swedish administrator interface. At the top, a blue navigation bar contains the EARNIFIER logo and menu items: Översikt, Projekt, Användare, Bibliotek, Rapporter, Automationer, Inställningar, and Gå till. A search bar and user profile (Ester) are also present. Below the navigation bar, the main content area is titled 'Projekt'. It features a search bar with 'Sök...' and buttons for 'Ny mapp' and 'Nytt projekt'. The breadcrumb path is 'Sökväg: / Demo'. Below this, there are filters for 'Status: Aktiv' and 'Katalog: Alla', and a sorting option 'Sortera efter: Namn (A-Ö)'. A list of projects is shown under the 'Demo' folder:

Each project entry includes a small icon, the project name, creation and update dates, the creator's name, and the number of participants. Action icons for each entry include a grid, a folder, a trash can, and a star. At the bottom of the list, there is a pagination control showing '1' of 1 items.
