

Subscribe to our release notes!

2024-01-22 - Ester Andersson - Product Highlight

You can now subscribe to our release notes to get notified as soon as we have made updates to our product. We will divide updates into adjustments that affect the learner interface, the admin interface, and others (which affect neither the learner nor the admin interface). Go to <https://support.learnifier.com/en-US/news/release-notes> and click "Subscribe" and choose "Category".

The screenshot shows the 'Release notes' page in the Learnifier Help Desk. At the top, there is a search bar with the placeholder text 'How can we help you today?'. Below the search bar, the breadcrumb trail reads 'Help Center > News > Release notes'. The main content area is titled 'Release notes' and contains two entries:

- Release Jan 18, 2024**
Learner: Modified language keys in Team View from "certificate" to "awa"
Ester Andersson
- Release Jan 10, 2024**
Admin interface: In the quiz builder tool, remove HTML tags from title field
Ester Andersson

On the right side of the page, there is a 'Subscribe' button and a dropdown menu for 'Category'. The dropdown menu is currently open, showing three options: 'All News', 'Product Highlight', and 'Release notes'. A green arrow points to the 'Subscribe' button.
