

Automatisk påmelding ved fullføring av kurs

Ester Andersson - 2024-02-15 - Funksjoner

"Auto-enrollment upon course completion" er en funksjon som lar systemet automatisk registrere en deltaker i et nytt kurs når en annen kurs er fullført.

1. Gå til kurset der du ønsker at deltakerne skal fullføre for å bli registrert i et annet kurs.
2. Under "Next course", klikk på "Add next course". Velg kurset som deltakerne skal registreres i.
3. Opprett en "Automated communication" i det neste kurset for å la systemet automatisk sende en velkomstmelding på e-post til alle registrerte deltakere (valgfritt).

The screenshot shows the course management interface for 'Introduction to Learnifier'. The course is currently 'Ongoing'. The interface includes a navigation menu, course details, participant statistics, and various management options.
