Events

Ester Andersson - 2024-07-23 - [Funksjoner](#)

I denne artikkelen vil du lære om ulike typer "events" og hvordan du administrerer dem.

Note

- [Opprette et "event"](#)
- [Endre "event"-detaljer](#)
- [Kalenderinvitasjoner](#)
- [Evaluere modererte "events"](#)

Ulike typer "events"

Når du legger til et event, kan du velge mellom å legge til et "Automatic event" eller et "Moderated event".

Automatically completed event: Når dato og tid for eventet har passert, blir aktiviteten automatisk satt til "Completed" for alle deltakere.

Moderated event: Når dato og tid for eventet har passert, blir aktiviteten satt til "Completed: Awaiting Evaluation". En administrator eller instruktør må manuelt moderere deltakernes status til mislykket eller godkjent.

- Classroom event: Event brukt for et fysisk arrangement.
- Virtual Event: Event brukt for et digitalt arrangement, for eksempel via Zoom.
- Telephone conference: Event brukt for en telefonkonferanse.

Opprette et "event"

1. Gå til kursbyggeren og klikk på plusstegnet → Event

1. Gi eventet et navn under "Click to set" og skriv en passende beskrivelse. Merk: Tittelen du setter under "Click to set" vil være tittelen på din kalenderinvitasjon.

1. Når du publiserer kurset, blir du bedt om å angi detaljer som datoer og tidspunkter.

Kalenderinvitasjoner

Hvis du aktiverer kalenderinvitasjoner for et kurs som allerede inneholder events, vil kalenderinvitasjoner bli sendt ut for alle arrangementer. Når kalenderinvitasjoner er aktivert, vil deltakere få oppdateringer hvis et event endres, hvis et event avlyses eller hvis et nytt event opprettes.

1. Gå til prosjektfanen "Settings" for å aktivere kalenderinvitasjoner. Endre "Calendar invitations" til "On".

Locations that observe Daylight Saving Time (DST) listed above will automatically adjust the time during DST.

Merk: Hvis du har aktivert kalenderinvitasjoner og oppdaterer noen event, vil alle deltakere som er registrert i kurset, få en e-postmelding med den nye event-oppdateringen.

Evaluere modererte "events"

1. Gå til fanen "Events" i prosjektmenyen → Finn det modererte eventet du vil "Evaluate".

The screenshot shows the LERNIFIER web application interface. The top navigation bar includes 'Dashboard', 'Projects', 'Users', 'Library', 'Reports', 'Automations', and 'Settings'. A secondary bar below it contains 'OVERVIEW', 'PARTICIPANTS', 'WAITLIST', 'COURSE PAGE', 'EVENTS' (highlighted with a green arrow), 'ASSIGNMENTS', 'DETAILS', 'COMMUNICATIONS', 'REPORTS', and 'SETTINGS'. The main content area displays details for a 'Demo project' (ADMIN) and 'Demo project' (LEARNER). It includes creation and update dates for Ester Andersson on Thursday, July 11, 2024. Action buttons like 'Edit course', 'View course (Read only)', 'Preview', 'Delete', 'Toggle demo flag', and 'Copy' are visible. Below this, the 'ACTIVITY' section shows an 'Introduction' event with a calendar icon, start/end times (July 11, 2024, 1:00 PM to 4:00 PM Central European Summer Time), and location (Classroom, In the main room). At the bottom, four summary boxes show counts: 'Total' (Participants: 1), 'Invitations' (Accepted: 0, Declined: 0, Tentative: 0, No Response: 1), 'Attendance' (Attended: 0, Not attended: 0, Other: 1), and 'Completion' (Passed: 0, Failed: 0, Other: 1).

1. Klikk på "Participant"-knappen for å se hele listen → Marker boksen til venstre for deltakerens navn og klikk på "Change Status".
2. Endre status for "Attendance" og "Result". Merk: Det er viktig at du legger til en verdi både for "Attendance" og "Result".
