Ready-made courses with Learnifier Content

2025-12-09 - Gabriella Eriksson - Product Highlight

With **Learnifier Content**, you gain access to ready-made and professionally designed courses that can be used immediately or easily adapted to your specific needs. The content is created by experts and added as regular projects in your Learnifier environment, allowing you to launch training faster than ever.

By starting from ready-to-use material, you save time, reduce the workload for internal teams and ensure a consistent and strong learning experience. The result is that more people gain access to relevant competency development and that your investment in learning creates real impact in the organization.

How does it work?

- A content widget is made available directly in the administrator interface and is applied across your entire instance, including all portals.
- All administrators automatically get access to explore the full Learnifier Content catalog.
- You can browse available courses and register your interest directly in the Content portal.
- When your interest has been registered, we will contact you and provide an opportunity to review the content before you decide.

How do I get access?

Contact your Customer Success Manager or support@learnifier.com, and we will set it up for you
