Ester Andersson - 2024-07-11 - Funktioner

Reenrollement är en funktion som låter dig återställa en deltagares framsteg så att de kan börja om. Var noga med att tänka på att när du re-enrollar en deltagare i en kurs kommer allt de har laddat upp att raderas och deras status kommer att ändras till "Not started". När du bekräftar kommer deras försök att flyttas till deras försökslogg, som visas när du trycker på plustecknet och sedan "History".

Tillgänglig från prisplan: Professional
